## EDUCATION

- **Department of Computer Science and Engineering, University of Dhaka** Dhaka, Bangladesh  
*Master of Science in Computer Science and Engineering*  
CGPA: 4.00/4.00 (Ranked 1<sup>st</sup> in the class) Jan 2019 - Sep 2021
- **Department of Computer Science and Engineering, University of Dhaka** Dhaka, Bangladesh  
*Bachelor of Science in Computer Science and Engineering*  
CGPA: 3.85/4.00 (Ranked 1<sup>st</sup> in the class)(Course List) Jan 2015 - Dec 2018
- **Notre Dame College** Dhaka, Bangladesh  
*Higher Secondary School Certificate*  
GPA: 5.00/5.00 2014
- **Ideal School and College** Dhaka, Bangladesh  
*Secondary School Certificate*  
GPA: 5.00/5.00 2012

## TEACHING EXPERIENCE

- **University of Dhaka** Dhaka, Bangladesh  
*Lecturer, Full-Time*  
◦ **Courses Conducted:** Software Design Pattern, Micro-controller, Software Engineering. Apr 2023 - Current
- **East West University** Dhaka, Bangladesh  
*Lecturer, Full-Time*  
◦ **Courses Conducted:** Structured Programming, Algorithms, Artificial Intelligence. Feb 2022 - Mar 2023
- **University of Barishal** Dhaka, Bangladesh  
*Adjunct Faculty*  
◦ **Courses Conducted:** Integral Calculus, Ordinary and Partial Differential Equations and Series Solutions. Aug 2024 - Current

## RESEARCH EXPERIENCE

- **TigerIT Bangladesh Limited** Dhaka, Bangladesh  
*Research Scientist*  
◦ **Responsibilities:** My Projects mainly included,
  - \* Statistical sensor data analysis.
  - \* Rule-based algorithms and encoder-decoder with attention-based deep learning algorithms focusing on audio and natural language processingMar 2020 - Feb 2022
- **Cognitive Agents and Interaction Lab** Dhaka, Bangladesh  
*CO-Investigator*  
◦ **Responsibilities:** Supervised and contributed to various projects utilizing Deep Learning, Reinforcement Learning, and Agent-based Decision-making techniques. Actively involved in the development and implementation of programming systems, leading research efforts, and guiding team members as a co-investigator. 2023 - PRESENT
- **Data Mining and Machine Learning Research Lab** Dhaka, Bangladesh  
*CO-Investigator | Ex - Research Assistant*  
◦ **Responsibilities:** Designed and implemented novel pattern mining algorithms, representational techniques, and optimization strategies for sequential and time series, pattern mining problems. Worked on designing methods and metrics for correlation analysis and cluster generation. 2018 - PRESENT
- **Data and Design Lab** Dhaka, Bangladesh  
*Research Assistant*  
◦ **Responsibilities:** Worked on three main projects focused on policy-making and statistical analysis -
  - \* Bangladesh Quality of Life Indicators: Developed Visualization tool, data collection, planning, and analysis.
  - \* Nightlights for Economic Condition: Data processing, analysis, and manuscript preparation.
  - \* Newspaper Data Analysis to Understand Coronavirus Awareness: Data collection, analysis and manuscript preparation.2019 - 2021
- **Bangladesh Rural Advancement Committee (BRAC)** Dhaka, Bangladesh  
*Junior Consultant*  
◦ **Responsibilities:** In this project, I with fellow teammates designed a system to uniquely identify beneficiaries who are taking various services from BRAC's different programs based on only their basic information in spite of having repetition, spelling mistakes, and variation. Apr 2019 - Sep 2019

## HONORS AND AWARDS

---

- **Dean's Award, 2019**, for outstanding achievement from the Faculty of Engineering and Technology, University of Dhaka, Session 2014-15
- **Azfar Alam Memorial Gold Medal, 2019**, for achieving excellent results from the Department of Computer Science and Engineering, University of Dhaka, Session 2014-15.
- **Professor Lutfar Rahman Merit Award, 2022**, from the Department of Computer Science and Engineering, University of Dhaka for acquiring the first position in the batch in B.Sc.
- **Fellowship Scholarship**, from ICT Division, People's Republic of Bangladesh to conduct high-quality research that could keep an impact on the socio-economic life of the people of Bangladesh.

## RESEARCH INTEREST

---

Data Mining, Machine Learning, Programming Languages and Systems.

## KEY SKILLS

---

- **Programming:** C++, C, Python, Java, SQL, Unix scripting
- **Machine Learning and Data analysis:** PyTorch, Keras, Tensorflow, Pandas, Numpy, SciPy, Scikit-learn, Gensim.
- **Python Framework:** Django, React Native, Flask
- **Software and Code Maintenance:** GIT, Docker
- **Web Development Language:** HTML5, CSS, Javascript, Bootstrap, PHP, React, Node.js, Express.
- **Operating Systems:** Windows, Ubuntu.
- **Database Management:** MySQL, Oracle SQL, PostgreSQL, Firebase.
- **Problem Solving:** Please find my StopStalk profile here.

## EXTRA CURRICULAR ACTIVITIES

---

- **CSEDU Student's Club:** Assistant General Secretary(2014-2017).
- **ShoShikkha:** Worked as a writer and contributor in ShoShikkha which targeted to spread various aspects of educational knowledge among people of different ages in the native language Bangla.
- **Competitive Programming:** Participated in competitive programming till the third year during the undergraduate program. Attended ICPC Regionals Dhaka, 2017, ranked 21.

## SELECTED PROJECTS

---

- **COLAS - Source Code Plagiarism Detector** | *Python*  
A custom source code plagiarism detection module supporting languages C, C++, Java, and Python. A live version can be found in, COLAS .
- **COLAS - Contest Platform** | *Python*  
An online live programming contest platform completely built from scratch harnessing parallel computation and system-centric optimizations.
- **MSCLM-A** | *Python*  
A Memory flexible language independent Sentence Completion module using Language Model based on Arpa file.
- **Bangla Sentiment Analysis** | *Python*  
An undergraduate project for the Math for CS course to identify sentiments from Bangla sentences.
- **Bangla Pos Tagger** | *Python*  
An undergraduate NLP Project to tag parts of speech in Bangla sentences.
- **Bangladesh at a glance** | *HTML, Vanilla JS*  
A visual tool to understand the socio-economic condition of Bangladesh based on SGD indicators.
